

West Ashton Church of England Primary School

Anti- Bullying policy

'you will shine among them like stars in the sky'

RATIONALE

We want every child to feel safe at school. Bullying is a very clear infringement of our Golden Rules and we do not tolerate any form of bullying in school or out of school where it involves children attending West Ashton Church of England Aided Primary School.

MISSION STATEMENT

West Ashton Church of England Primary School actively promotes positive interpersonal relations between all members of the school community. We respect British Values and ensure that all protected categories are enabled to thrive alongside their peers in our school, we respect all children and expect them to take responsibility for ensuring our school remains the type of place everybody wants to be.

PRINCIPLES

We want a school and community free from all forms of bullying, including cyberbullying.

We want people in our school community to value difference.

We think everyone has a right to be safe online.

We want bullying never to be acceptable online, offline, at home or at school.

We want to use technology to report bullying if it occurs in or out of school so we feel safe when reporting (e.g. text message / email).

We want a relevant, useful and practical anti-bullying policy the whole school community reviews regularly so we can change parts that don't work.

DEFINITION OF BULLYING

The Anti-Bullying Alliance defines bullying as:

“the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal or psychological. It can happen face-to-face or through cyberspace.”

Our children describe an incident of unpleasant behaviour done by accident as rude; an incident of unpleasant behaviour done on purpose as mean; but unpleasant behaviour done **Several Times On Purpose (STOP)** as bullying.

We classify any behaviours that hurt another, either physically or emotionally, if they are carried out repeatedly as bullying.

We recognise the severity of the impact of being bullied on an individual, and that these effects can continue long past the actual incidents of bullying have ended. Children who are bullied are more likely to:

- have low self-esteem.
- develop anxiety or depression.
- become socially withdrawn, isolated and lonely.
- have lower academic achievements due to avoiding or becoming disengaged with school.
- be unable to form trusting, healthy relationships with friends or partners in the future.

We also recognise that there are negative long-term effects on individuals who have been bullies. Children who frequently bully are more likely to:

- drop out of, or be expelled from school.

- engage in criminal behaviour.
- develop depression or anxiety.
- be abusive towards their partners, spouses or children as adults.

In addition there are impacts on those who are around bullying behaviour. Children who witness bullying are more likely to:

- feel powerless.
- live in fear and guilt.
