

Science

We will be learning all about the solar system, naming and describing the movement of the planets relative to the sun.

We will also use the idea of the earth's rotation to explain day and night and the apparent movement of the sun.

Maths

In maths, Year 5 will be multiplying 2, 3 and 4 digit numbers by a 2 digit number using written methods before looking at division, moving onto word problems which use both operations. We will then revisit fractions. Year 6 will begin by looking at ratio, proportion and scale factors before exploring algebra, using function machines and formulae.

English

We will be reading War of the Worlds, The Explorer and Exploring Space this term, using these as the basis for our writing, which will include reports and balanced arguments.

We will continue to learn the Y5/6 grammar, punctuation and spellings and develop our understanding of what we read through VIPERS.

Voyagers Term 3: Infinity and Beyond!

Computing

We will be exploring digital images and using computers to create our own art.

PSHE

We will be focusing on and sharing our dreams and goals.

DT

Navigating the World

PE

We will be developing our tag rugby and dance skills.

Music

We will be learning to play the ukulele this term which promises to be great fun!

MFL

We will be learning to talk about our home and families in French.

Geography

We will be thinking about changes in our local environment and discuss perceptions of how our country is changing. We will also carry out research into specific areas of the United Kingdom and create artwork based on our local area.

RE

We will be studying Christianity, focusing on the question, "What does it mean if God is Holy and loving?"
