

Subtracting 10, 100, 1000 and 10,000

When you **subtract 10**, the **Tens** number changes.

$$30,582 - 10 = 30,572$$

When you **subtract 100**, the **Hundreds** number changes.

$$46,521 - 100 = 46,421$$

When you **subtract 1000**, the **Thousands** number changes.

$$16,709 - 1000 = 15,709$$

When you **subtract 10,000**, the **Ten Thousands** number changes.

$$86,709 - 10,000 = 76,709$$

-10,000	-1000	-100	-10	
				21,740
				43,385
				61,802
				82,556
				16,889
				77,348
				97,864
				35,712

Now try these

- 40,867 - 500
- 56,789 - 3000
- 30,049 - 40
- 96,609 - 60,000
